

# ADVANCED MEDIUM CALIBER AMMUNITION

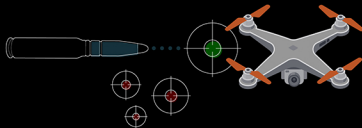

Northrop Grumman is developing advanced ammunition that provides air burst, Proximity and guided capabilities for land, air and sea combat platforms.

## Air Burst

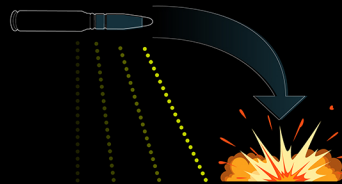

- Defilade Defeat
- Programmable  
(Point Detonate / Delay / Air Burst)
- Optimized for C-UAS

## Proximity

- Target Discrimination / Tracking
- Fire and Forget
- Air Burst Warhead

## Guided

- Command Guided / Fire and Forget
- Leverages Proximity Fuze Technology
- Scalable Across Calibers

Land

Air
